

## **MEDIA RELEASE**

April 1, 2010

For Immediate Release

City of Pembroke residents and drivers are advised that spring street sweeping operations are set to commence on Tuesday, April 6, 2010. The street sweeping operations commence at 4:00 a.m. and continue through the day until 8:00 p.m., generally from Monday to Friday.

While the sweeping operation may cause some isolated traffic slow downs, efforts are made to plan schedules and routes to try to minimize disruptions. In addition, the sweeping operation does generate some short term dust. Residents and drivers are asked to be patient and exercise caution while these operations are on-going.

Coupled with the street sweeping operations, sidewalk sweeping and general spring clean up operations continue across the City. Residents can expect increased sidewalk sweeping activities throughout the day.

It is expected that the Spring Cleaning operations will continue for approximately eight weeks.
