

Corporation of the City of Pembroke
Request for Proposal for Engineering Design and Contract
Administration Services for the Riverside Lift Stations
Proposal No. P-21-10

The City of Pembroke requires an Engineering Consulting firm to deliver the design, tendering, and construction administration services (design and contract administration) for the Riverside Lift Stations Project.

Proposals for RFP No. P-21-10 – Engineering Design and Contract Administration Services for Riverside Lift Stations will be received no later than:

2:00:59 p.m., Local Time, Friday August 06, 2021

Proponents shall submit an emailed PDF copy of their proposal, with signature, to purchasing@pembroke.ca and subject of the email shall read: RFP Submission Re: P-21-10 Engineering Design and CA for Riverside Lift Stations. No hard copy proposals will be accepted.

Proposal documents are available Thursday, July 15, 2021 and may be obtained, free of charge, through email request to purchasing@pembroke.ca. Language of proposal submissions is English. Proposals will be opened immediately following closing time. There will not be a public opening.

All questions relating to this proposal request will be received in writing up to and no later than 4:00 pm local time on Thursday July 29, 2021.

The City reserves the right to accept or reject any or all proposals. The lowest or any proposal will not necessarily be accepted.
